

Introducing a  
smarter, automated,  
touchless soap  
dispenser.

**enMotion**  
**sOap**  
DISPENSER.

We've really put our thinking caps on for this one.

Just one wave under the enMotion™ soap dispenser and you too, will experience a triumph of engineering and innovation. With its rich, luxurious foam soaps and stylish design, this new touchless wonder can now join forces with the enMotion® towel dispenser to offer guests the ultimate in hands-free hand washing.

SKU 52052  
Splash Blue

SKU 52053  
Smoke

## Improves Hygiene

- Automated touchless dispensing minimizes the risk of cross-contamination
- Closed hygienic system houses pump, bag and nozzle

## Enhances Image

- Upscale, stylish design
- Sleek design coordinates with matching towel, tissue and air freshener dispensers

## Meets ADA Guidelines

- Slim design protrudes less than 4" from wall

## Reduces Maintenance Time

- Features a maintenance on/off switch, which makes cleaning easy
- Adjustable portion control – choose 0.4 or 0.7mL
- Operates on long-lasting 4 D-cell alkaline batteries
- Sight window allows users to check soap level with a quick glance
- Mounting bracket makes installation a breeze
- Dispenser can be removed for easy cleaning
- Choose either a key lock or push button to open the dispenser

So many features packed into one dispenser.
