

Compact[®]

Coreless Bath Tissue & Dispensers

benefits **environment** | operationally **efficient** | enhances **image**

Compact® gets a **green** light

An ever-growing number of eco-sensitive companies are embracing our Compact® dispensers and coreless tissue systems to help reduce their environmental footprint. This innovative line of 'green' dispensers is also saving them time and money by minimizing roll changes and storage costs.

We're introducing new options that give Compact® the flexibility needed to accommodate any facility. Now, more than ever, it's time to discover why Compact® is on a roll.

Helps Reduce Waste:
Compact® tissue has 95% less packaging waste per case than Georgia-Pacific standard roll bath tissue.

EPA Compliant—Recycled:
Bath tissue contains at least 20% post-consumer recycled fiber. Meets or exceeds EPA Comprehensive Procurement Guidelines.

the Compact® case study

At Georgia-Pacific we're committed to providing you with innovative dispenser solutions. The fact is that no one invests more energy in the coreless dispensing platform than we do. Our Compact® dispensers and bath tissue provide a perfect example: These products eliminate 95-percent of the packaging waste associated with standard bath tissue. The bottom line is that each case of Compact® coreless bath tissue can eliminate as much as 8.5 pounds of waste when compared to using a case of Georgia-Pacific standard roll bath tissue.

We wrap each case of our coreless bath tissue in recyclable material instead of bulky cardboard. So in addition to helping the environment, Compact® coreless tissue will also cut your storage requirements by up to 50 percent.

the green facts

Compact® benefits our environment

- Compact® coreless tissue systems help minimize your impact on the environment by using recycled fiber and reducing waste

meets EPA guidelines

- Our coreless tissue meets EPA guidelines for post-consumer fiber content

reduces waste

- Eliminates roll cores, cardboard shipping boxes and individual product wrapping

near 100% utilization

- Reduces and can help eliminate stub roll waste through dispensing solutions that require complete roll usage

*Our coreless Compact® solutions can make 119 tons of paper and packaging disappear from your waste stream each year**

* Based on using 28,000 cases of coreless tissue per year.

1 Case of Waste—
Compact® vs. Regular Roll

more ways to be **green**

Introducing Compact Quad™ Dispensers

Compact and coreless, Compact Quad™ dispensers maximize your reduction efforts and your savings. Compact Quad™ is the ultimate tissue dispenser for high traffic areas, such as large office buildings, sports stadiums, or tourist attractions.

- Roll-advancing system

easily installed

- Mounts on all washroom surfaces in minutes

easy to swap

- Mounting holes identical to Compact High Capacity Dispenser

sleek and stylish

- Available in Translucent Smoke, Splash Blue and Stainless Finish

more **green** options, more **green** flexibility

Introducing EPA-Compliant Angel Soft ps® Compact® coreless bath tissue

Angel Soft ps® Compact® gives you a new and softer EPA Compliant option. It delivers the same environmental benefits of our traditional Compact® coreless bath tissue with improved two-ply softness that is sure to be appreciated. Angel Soft ps® Compact® rolls contain a minimum of 20 percent post-consumer recycled fiber. And one case will eliminate 95 percent of standard tissue packaging waste by eliminating cores, corrugated boxes, and individual roll wrapping. Angel Soft ps® Compact® even lowers building management costs by increasing operational efficiency. This high-density product reduces storage needs by up to 50 percent and lowers your cost per roll. Angel Soft ps® Compact® is proof, once again, that we're a soft touch for green innovation.

Angel Soft
compact® PS®

Compact® Vertical Dispenser

- Controls labor costs by dispensing two large diameter coreless bath tissue rolls that allow for nearly 100% utilization
- Stainless steel version coordinates with enMotion® Recessed Automated Touchless Towel Dispenser and other stainless product offerings. Also offered in Splash Blue and Translucent Smoke
- Sleek and sanitary design that minimizes the chance of placing unsanitary objects on top of dispenser

Improved mandrel design makes loading rolls easier

Compact® Side-by-Side Dispenser

- Controls labor costs by dispensing two large diameter coreless bath tissue rolls that allow for nearly 100% utilization
- Upgrades maximize operational efficiencies
- Unique locking cabinet prevents theft

Compact[®] offers flexibility to meet the needs of any customer application

Customizing is as easy as 1-2-3
