

FLAX FACTS!

What is flax?

Flax plants are one of the world's oldest sources of food and fiber crops, used in products like breakfast cereal, cosmetics, and clothing.

FLAX Cloths are made using natural flax fiber.

85% flax plus 15% reconstituted cellulose fibers equal an exciting new technology that delivers a high-performing, heavy-duty, disposable cloth made from the stalks of flax plants.

FLAX Cloths help reduce usage by absorbing more water and oil.

FLAX Cloths absorb more water

Absorbs 45% more water, at a 28% faster rate^(1,2)

FLAX Cloths absorb more oil

Absorbs 23% more oil, at a 38% faster rate^(1,3)

Sources:

1 Brawny Industrial® FLAX 900 compared to Kimberly-Clark Wypall® X80

2 Need only 3 FLAX 900 Cloths to absorb same amount of water as 5 Kimberly-Clark Wypall® X80 wipers (9.1 x 16.8)

3 Need only 4 FLAX 900 Cloths to absorb same amount of oil as 5 Kimberly-Clark Wypall® X80 wipers (9.1 x 16.8)
